

STOP

the spread of germs

Hand washing is the best way to prevent infections.

1

Wet your hands with warm water

2

Gently apply soap to produce lather

3

Rub for 10-20 seconds to remove germs

4

Rinse away germs

5

Dry your hands with a paper towel

6

Turn off tap with a paper towel

Always wash your hands:

Before and after you:

1. Prepare or eat food
2. Touch a cut or open sore
3. Sneeze, cough or blow your nose
4. Use the washroom or change diapers
5. Handle garbage
6. Pet animals
