

STOP

the spread of germs

Hand sanitizing is the best way to prevent infections.

1

Gently apply sanitizer to your hands

2

Gently rub the back of each hand

3

Rub between the fingers

4

Rub the back of fingers in palm

5

Rub around each thumb

6

Continue rubbing the fingertips of each hand until dry

Always wash your hands:

Before and after you:

1. Prepare or eat food
2. Touch a cut or open sore
3. Sneeze, cough or blow your nose
4. Use the washroom or change diapers
5. Handle garbage
6. Pet animals
