Nutrition Services by Registered Dietitians

We are pleased to help direct you to the most reliable sources of nutrition information, which are registered dietitians.

Registered Dietitians (RDs) in Ontario are uniquely trained food and nutrition experts. They are the recognized experts in translating scientific, medical and nutrition information into practical healthy nutrition plans, and helping individuals, their families and communities to access nutrition for health.

Guided by a code of ethics and regulated by the College of Dietitians of Ontario, RDs provide nutrition information you can trust. For more information, please visit www.collegeofdietitians.org.
