

Posting 19.33

Classification: Public Health Inspector	Program: Healthy Environments
Date Posted: August 30, 2019	Date Closed: September 18, 2019
Competition #: 19.33	Commencement Date: ASAP
Type: FT Contract (up to Jul. 17, 2020)	Location: Belleville
Status: CUPE	FTE: 1.0

POSITION SUMMARY:

Conducts inspections to identify sources of disease, potential or actual health hazards, and ensures the completion of appropriate steps and/or actions required to mitigate and resolve such situations or issues of non-compliance. As part of a multi-disciplinary team, provides response during outbreaks, business or community emergencies.

As required, shares public health knowledge and experience with the HPEPH team and/or the community to assist in the planning, evaluation, assessment and delivery of program services and strategies. Through public health education, promotes improved health, the prevention of disease and injury, and the control of threats to human health, in compliance with the Health Protection and Promotion Act (HPPA).

Responsibilities Include:

- Carries out routine inspections as per HPEPH policy, and the Ministry of Health and Long-Term Care (MOHLTC) standards, protocols and guidelines for food safety, water quality, rabies control, vector-borne disease, climate change, emergency preparedness, outbreak control, infection control and others as may be determined by the MOHLTC.
- Detects and identifies health hazards and works toward eliminating health hazards in all assigned areas, including emergency conditions.
- Conducts environmental sampling to assess the potential or existence of a health hazard.
- Investigates and reports on complaints of public health significance and responds to requests for service or information in a friendly and professional manner.
- Collects and submits water, food and other samples for laboratory analysis and interprets results.
- Issues when necessary, Community Health Protection Orders, Offence Notices, Summonses and other legal documents as a Provincial Offences Officer.
- Plans and conducts training and educational sessions as needed, in conjunction with community partners and internal HPEPH teams.
- Acts as a source of professional public health knowledge, to the public, HPEPH teams, and community partners and participates in program initiatives to foster specialised professional knowledge.

- Maintains accurate, up-to-date, and professional reports and records, for the provision and evaluation of services, referrals, and potential litigation and participates and/or assists in legal proceedings, as required.
- Assists with or acts as a Preceptor/Mentor to student Public Health Inspectors, as assigned.
- Performs other related duties as assigned.

Organizational Responsibilities:

- Establishes and cultivates positive working relationships with community partners, clients, staff, and management.
- Maintains effective intra-agency and interagency communication and public relations, including municipal authorities.
- Actively serves on internal and external committees, work groups, etc. for HPEPH as assigned, and participates in the development of operational plans, as requested.
- Models, supports, and endorses Ontario Public Health / HPEPH values and change initiatives.
- Demonstrates a commitment to the HPEPH mission and values and acts as an ambassador for HPEPH when in contact with the public and other agencies.
- Where appropriate, identifies risk and implements risk mitigation strategies.
- Utilizes the structure of evidence-informed decision making (EIDM) throughout their decision-making process.
- Follows all applicable HPEPH, Ontario Public Health, legislation, and professional standards.
- Responsible for planning and implementing own professional development plan in consultation with their manager/supervisor.
- Responsible for maintaining PHI professional knowledge and development.

MINIMUM QUALIFICATIONS:

Education

- Bachelor of Science in Environmental Health or equivalent.
- Current certificate in Public Health Inspection (Canada).
- Environmental Health graduates (as of January 2017) must be CIPHI members.

Experience

- One year of related experience preferred.
- Previous experience in Public Health is an asset.

Knowledge, Skills, and Abilities

- Demonstrated knowledge of the Health Protection and Promotion Act and related regulations.
- Ability to work independently with sound judgement and decision making.
- Strong communication, organizational and interpersonal skills.
- Computer proficiency (Microsoft Office) and a demonstrated ability to learn new software programs.

- Immunizations must be kept up-to-date, in compliance with all applicable HPEPH policies.
- Valid Ontario Driver's license and reliable vehicle.
- Satisfactory Criminal Reference Check.

Contract Details:

This contract will start as soon as possible and is expected to end July 17, 2020.

Working Conditions:

Interacting with clients in a variety of private, community, and institutional locations which can be indoors or outdoors. There may be possible exposure to communicable diseases and biological specimens, potential needle stick injury, and flexible working hours required, with weekend, standby, or evening services on an as needed basis. Normal working hours are 8:30AM – 4:30PM.

If you are interested in submitting your CV, we would encourage you to review our Submission Guidelines on our website at hpePublicHealth.ca.

Applications must be emailed to: careers@hpeph.ca
